</body>
</html>

```

OUTPUT:

The screenshot shows the Eclipse IDE interface. The Project Explorer on the left displays the project structure, including the 'src/main/webapp' directory. The main editor area shows the 'Form_Validata.html' file, which contains the HTML code for a registration form. The code includes a title 'Registration Form', a CSS style block for error messages, and a form with fields for First Name, Last Name, Email, Password, Phone Number, and Address. Each field has a corresponding error message container. The form is submitted using a button labeled 'Submit'.
